

**Which Side of the Street Do You Prefer?"  
SEMMantics 39 Beer Tasting Event**

*by John Voymas*

We welcome Wes O'Leary from Odd Side Ales as our presenter this year. All Michigan beer and all from the west side of the mitten. Odd Side Ales has an extensive portfolio of interesting and unique beers which have captured quite a following. It's so hard to keep up on the latest releases but Wes has promised us at least four of their offerings (and maybe a fifth mystery beer). He has been their east Michigan rep for the past couple of years but has just been promoted and will be based out of the HQ in Grand Haven by the time of the RG. That won't stop him from making time for us, though! We may even have some OSA beer on tap in Hospitality.

Just a reminder that this is an age 21 and older event; seats are limited to the first thirsty thirty. By the way, be sure to ask Wes which side of the street he prefers.
