

Indulge yourself at the Chocolate Feast

At SEMMantics, we have two different, very special sweet treat events on both Friday and Saturday night. Our Chocolate maven, Bonnie Mulliner, assisted by her able partner-of-crime Pete, says they are hard at work dreaming up a Chocolate Feast.

“It is that time again, when we throw caution to the wind and become children for a short moment.

The Chocolate calls, at first a whisper on the winds. I assure you though that, come the proper time, it will be a gale force to be felt with passion.

So join us as we enlarge our wisdom of the bean, through our taste buds.”
